## BEAUTIFUL BONDI BECOMES HOME TO MUCH LOVED MOZI

Australia's much loved lifestyle and homewares brand, MOZI recently celebrated the opening of its latest concept store in Sydney's retail mecca, Westfield Bondi Junction. This marks MOZI's eighth store opening in just three years and is a coup for the brand's sister duo, Camilla d'Antoine and Olivia Tipler.

In promising a truly creative and unique shopping experience, MOZI's new Bondi store does

not disappoint, featuring the entire product range as well as a beautifully curated selection of luxury goodies from local and emerging international designers.

Like every MOZI store, Westfield Bondi Junction, is a mixture of recycled and rethought vintage objects that add to the eclectic character of the store designed to make customers feel privy to something truly special and distinctive.
